Claims discussed: of record

Identification of prior art discussed: of record

Description of the general nature of what was agreed to if an agreement was reached, or any other comments: The 102 and 103 rejections were

furnished. Since instant claims are very broad in terms of "dry", "wax" and the "organohalide" and since instant applied reads on instant claims, a suggestion were made to draft claims in terms of specific compounds and ratios and show unexpected results of the claimed combination. Patentability of the claims will be determined after reviewing applicant's response and additional search.

(A full description, if necessary, and a copy of the amendments, if available, which the examiner agreed would render the claims allowable must be attached. Also, where no copy of the amendments which would render the claims allowable is available, a summary thereof must be attached.)

1. It is not necessary for applicant to provide a separate record of the substance of the interview.

Unless the paragraph below has been checked to indicate to the contrary, A FORMAL WRITTEN RESPONSE TO THE LAST OFFICE ACTION IS NOT WAIVED AND MUST INCLUDE THE SUBSTANCE OF THE INTERVIEW (e.g., items 1-7 on the reverse side of this form). If a response to the last Office action has already been filed, then applicant is given one month from this interview date to provide a statement of the substance of the interview.

2. Since the examiner's interview summary above (including any attachments) reflects a complete response to each of the objections, rejections and requirements that may be present in the last Office action, and since the claims are now allowable, this completed form is considered to fulfill the response requirements of the last Office action. Applicant is not relieved from providing a separate record of the substance of the interview unless box 1 above is also checked.
